The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
Los Angeles, California 90012

Dear Supervisors:

## ADOPTED

BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

40 February 15, 2011

*Sachi A. Hamai*  
SACHI A. HAMAI  
EXECUTIVE OFFICER

**ACCEPT ADDITIONAL GRANT FUNDS FROM THE DEPARTMENT OF  
HOMELAND SECURITY 2007 URBAN AREA SECURITY INITIATIVE  
AND APPROVE AN APPROPRIATION ADJUSTMENT  
(ALL DISTRICTS) (4 VOTES)**

### **SUBJECT**

Request Board approval for the Sheriff of Los Angeles County (County) to accept funding from the 2007 Law Enforcement Terrorism Prevention Program (LETPP) from the city of Los Angeles and approve an Appropriation Adjustment for the Los Angeles County Sheriff's Department (Department) in the amount of \$750,000 for Fiscal Year (FY) 2010-11.

### **IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve and instruct the Chief Executive Officer to sign the attached Agreement with the city of Los Angeles to allow the transfer of \$750,000 to the Department.
2. Approve and authorize the Sheriff, as an agent of the County, to accept \$750,000 in additional grant funds from the LETPP, as distributed through the Los Angeles/Long Beach Urban Area.
3. Approve an Appropriation Adjustment in the amount of \$750,000 (Capital Assets – Equipment) for FY 2010-11 to be offset by grant funding.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

On November 12, 2008, the Board authorized the acceptance of the LETPP grant funds from the Department of Homeland Security (DHS), as distributed through the Los Angeles/Long Beach Urban Area. In November 2010, the Department received notice of additional funds. These funds were

originally allocated to the Joint Regional Intelligence Center (JRIC), however, there was an administrative error that caused this funding to go to the city of Los Angeles instead of the Department. The Department is now requesting Board approval to accept the transfer of these grant funds and approve the appropriation for the enhancement and upgrading of JRIC. This will allow the JRIC to share information with the County Emergency Operations Center (CEOC) and incident commanders throughout the region.

### **Implementation of Strategic Plan Goals**

Approval of the recommended action is consistent with the County's Strategic Plan, Goal 1, Operational Effectiveness: By ensuring that the readiness, responsiveness, and recovery of Department operations, within the operations cluster, are addressed in the County's disaster training and emergency preparedness and response efforts; and Goal 5, Public Safety: Ensure that the committed efforts of the public safety partners continue to maintain and improve the safety and security of the people of the County.

### **FISCAL IMPACT/FINANCING**

This grant is fully funded by the DHS through the California Emergency Management Agency (CalEMA). There is no matching fund requirement or impact on net County cost. However, \$727,000 of the grant will provide funding for a Los Angeles Regional Common Operating Picture Program (LARCOPP) Node. This amount will also cover equipment, hardware, and software needs for the JRIC. The remaining \$23,000 of the grant will provide funding for supplies for the JRIC.

The approval of an Appropriation Adjustment in the amount of \$750,000 (Capital Assets – Equipment) is required to adjust the Department's FY 2010-11 budget and will be fully offset by grant funds. This will have no further fiscal impact.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

CalEMA has provided the Los Angeles County Operational Area with specific guidelines for the management and administration of this grant. These guidelines detail the activities and expenditures that are allowable under the grant.

### **CONTRACTING PROCESS**

The acquisition of equipment is under the statutory authority of the County's Purchasing Agent and will be requisitioned, solicited, and purchased in accordance with the County's purchasing policies and procedures.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

This grant award will have a positive impact on the Department's services by providing enhanced homeland security and emergency operations abilities.

**CONCLUSION**

Upon execution by the Board, please send one copy of the Adopted Board letter and two originally signed Agreement to the Department.

Sincerely,

LEROY D. BACA  
Sheriff

## E.4 -- Training

States, Territories, and Urban Areas are encouraged to use HSGP funds to develop a State/Territory homeland security training program. Allowable training-related costs under HSGP include the establishment, support, conduct, and attendance of training specifically identified under the SHSP, UASI, LETPP, MMRS, and CCP grant programs. Allowable training topics include, but are not limited to, CBRNE terrorism and catastrophic events, cyber/agriculture/food security, intelligence gathering and analysis, citizen and community preparedness, and training for volunteers.

Training conducted using HSGP funds should address a performance gap identified through an After Action Report/Improvement Plan (AAR/IP) or contribute to building a capability that will be evaluated through an exercise. Exercises should be used to provide the opportunity to demonstrate and validate skills learned in training, as well as to identify training gaps. Any training or training gaps should be identified in the AAR/IP and addressed in the State or Urban Area training cycle. All training and exercises conducted with HSGP funds should support the development and testing of the jurisdiction's Emergency Operations Plan (EOP) or specific annexes.

### ***Definitions***

G&T facilitates a number of different training sources:

- **G&T Provided Training:** These courses or programs are developed for and/or delivered by institutions and organizations funded directly by G&T. This includes the Center for Domestic Preparedness (CDP), the National Domestic Preparedness Consortium (NDPC), the Rural Domestic Preparedness Consortium (RDPC) and G&T Training Partners funded through the Continuing and Demonstration Training grant programs.
- **Training Not Provided by G&T:** These courses are either State sponsored or Federal sponsored, coordinated and approved by the SAA or their designated Training Point of Contact (TPOC), and fall within the G&T mission scope to

prepare State and local personnel to prevent, protect against, respond to, and recover from acts of terrorism or catastrophic events.

- **State Sponsored Courses:** These courses are developed for and/or delivered by institutions or organizations other than Federal entities or G&T and are sponsored by the SAA or their designated TPOC.
- **Approved State Sponsored Course Catalog:** This catalog lists State/Territory sponsored courses that fall within the G&T mission scope and have been approved through the G&T course review and approval process. An updated version of this catalog can be accessed at [http://www.firstrespondertraining.gov/odp\\_webforms](http://www.firstrespondertraining.gov/odp_webforms).
- **Federal Sponsored Courses:** This catalog lists courses developed for and/or delivered by institutions funded by Federal entities other than G&T.
- **Approved Federal Sponsored Course Catalog:** This catalog lists Federal-sponsored courses that fall within the G&T mission scope, and have been approved through the G&T course review and approval process. An updated version of this catalog can be accessed at [http://www.firstrespondertraining.gov/odp\\_webforms](http://www.firstrespondertraining.gov/odp_webforms).

### ***Training Information Reporting System (“Web-Forms”)***

Web-Forms is an electronic form/data management system built to assist the SAA and its designated State/Territory TPOC with the reporting of State and Federal sponsored training information. Web-Forms can be accessed through the G&T Toolkit located at [www.firstrespondertraining.gov/admin](http://www.firstrespondertraining.gov/admin).

### ***G&T Provided Training***

The Office of Grants and Training funds the direct delivery of a variety of classes that States can request to meet training needs. These classes are listed in the G&T approved course catalog listed at [http://www.firstrespondertraining.gov/odp\\_webforms](http://www.firstrespondertraining.gov/odp_webforms).

Each G&T Training Partner should contact the SAA or designated TPOC for locations within the State that are appropriate for the training. Most of the courses are targeted to meet a particular need or population. When the direct delivery funds are exhausted, the Training Partner can continue to offer the classes to the States through one of two methods—the Cooperative Training Outreach Program (CO-OP) or the Excess Delivery Acquisition Program (EDAP).

The G&T CO-OP has been reworked and renamed as the Voluntary Training Enhancement Program (VTEP). VTEP is a voluntary program designed to increase flexibility for States and Territories while enhancing G&T's training delivery capability and complementing the current training partner pool. Funding from previous fiscal years **may** be used to support a State, Territory, or Urban Area's implementation of this program.

Through VTEP, the SAA will have the authority to adopt various G&T provided programs for delivery by institutions within their State and local jurisdictions, and designate institutions as recognized providers for the identified standardized curriculum. VTEP will provide a training infrastructure for implementation that addresses the

challenges experienced by State, local, and Tribal jurisdictions to develop courses for a new audience and bring popular courses to more jurisdictions in the State. G&T recognizes existing capabilities of State/local fire and police academies, universities and community colleges, and other certified or approved institutions to deliver identified G&T provided training programs. G&T will provide additional information in an upcoming information bulletin.

EDAP allows a G&T Training Partner to charge for a course delivery when the Federal grant that developed the program is completed or more deliveries of a requested class are needed than the grant funds can accommodate. This cost per class is approved by G&T so that States pay for the cost of instruction only, not the curriculum development costs that were paid by G&T training grant funds. HSGP funds can be used to pay for the delivery of these classes within a State at the request of the SAA/TPOC.

***Attending Training Not Provided by G&T (State or Federal Sponsored Courses)***

States, Territories, and Urban Areas are not required to request approval from G&T for personnel to attend training not provided by G&T (State or Federal-sponsored courses) provided that the training is coordinated with and approved by the SAA or TPOC and falls within the G&T mission scope and the jurisdiction's EOP and Strategy of preparing State and local personnel or citizens to prevent, protect against, respond to, and recover from acts of terrorism or catastrophic events.

States, Territories, and Urban Areas are required, within 30 days after attendance, to submit information through the SAA or TPOC via Web-Forms on all training not provided by G&T, but supported with HSGP funds. This information will consist of course title, course description, mission area, level of training, the training provider, the date of the course, the number and associated disciplines of the individuals, and the sponsoring jurisdiction. Access to Web-Forms will be accomplished through the G&T toolkit located at [www.firstrespondertraining.gov/admin](http://www.firstrespondertraining.gov/admin). States, Territories, and Urban Areas intending to use G&T funds to support attendance at training not provided by G&T must ensure these courses:

- Fall within the G&T mission scope to prepare State and local personnel to prevent, protect against, respond to, and recover from acts of terrorism and catastrophic events
- Build additional capabilities that a) support a specific training need identified by the State, Territory, and Urban Area, and b) comport with the State, Territory, or Urban Area Homeland Security Strategy  
Address specific tasks and/or competencies articulated in G&T's *Emergency Responder Guidelines* and the *Homeland Security Guidelines for Prevention and Deterrence*
- Address specific capabilities and related tasks articulated in the September 2006 version of the TCL, available through LLIS
- Support the specific program training activities identified in the individual HSGP grant programs (SHSP, UASI, LETPP, MMRS, CCP) for which the funding will be used

Comport with all applicable Federal, State, and local regulations, certifications, guidelines, and policies deemed appropriate for the type and level of training

In support of the continuing efforts to build common catalogs of approved training not provided by G&T, the SAA/TPOC will be allowed three deliveries of the same course within a State/Territory before the course is required to go through the G&T State course review and approval process. Additional course deliveries will be authorized during the review period. However, if the course is disapproved as part of the process, no additional G&T funds can be dedicated to attending the course.

### ***State and Federal-Sponsored Course Catalogs***

Courses approved by G&T will be added to either the approved State Sponsored Course Catalog or the Federal Sponsored Course Catalog. Courses identified within these catalogs may be attended on an unlimited basis within any State/Territory as long as the training is coordinated and approved by the SAA/TPOC. A full description of the G&T Course Development, Review, and Approval Process, as well as the approved course catalogs, can be found at [http://www.firstrespondertraining.gov/odp\\_webforms](http://www.firstrespondertraining.gov/odp_webforms). G&T will respond to the initial request for review within 15 days with one of the following outcomes:

- Course concept is approved as consistent with the State plan and the State should submit the full course package for subject matter expert review and comment.
- Course concept is disapproved as inconsistent with State plan, G&T guidance, or is exactly the same as another course in the catalog (no need for another approval, refer to the curriculum already developed and approved).

At any time, the SAA/TPOC (for State-sponsored courses) or the Federal Agency POC (for Federal sponsored courses) may request the addition of a course to the corresponding approved catalog by submitting the associated Web-Form (i.e., Request for Addition to the Approved State-Sponsored Catalog) for review. If a class on the same subject is already in the catalog, the submitting State should provide documentation as to why the course is unique, after contacting the owner(s) of the other courses to review the curriculum. This step is required to avoid unnecessary duplication of similar courses in the catalog, allow States to share course development costs, permit all States to have access to new or unique courses developed by other providers, and allow States to direct their training dollars to delivery rather than development. If it is determined that the proposed course meets the above listed criteria, the providing entity (SAA/TPOC or Federal Agency POC) will be invited to submit the Course Review and Approval Request Form along with all supporting training materials.

For further information on developing courses using the instructional design methodology and tools that can facilitate the process, SAAs and TPOCs are encouraged to review the G&T Strategy for Blended Learning and access the Responder Training Development Center available at [www.firstrespondertraining.gov/admin](http://www.firstrespondertraining.gov/admin).

G&T funds must be used to supplement, not supplant, existing funds that have been appropriated for the same purpose. G&T will conduct periodic reviews of all State, Territory, and Urban Area training funded by G&T. These reviews may include requests for all course materials and physical observation of, or participation in, the funded training. If these reviews determine that courses are outside the scope of this guidance, grantees will be asked to repay grant funds expended in support of those efforts.

States and Territories are required to conduct an annual Training and Exercise Plan Workshop to identify key priorities and major events over a multi-year time frame and to align training and exercises in support of those priorities. A Multi-year Training and Exercise Plan will be produced from the Training and Exercise Plan Workshop to include the State's training and exercise priorities, associated training and exercise capabilities, and a multi-year training and exercise schedule. Further guidance concerning the Multi-year Training and Exercise Plan can be found in the Exercises discussion in section E.5.

### ***Allowable Training Costs***

Allowable training-related costs include, but are not limited to, the following:

- **Funds used to develop, deliver, and evaluate training**, including costs related to administering the training, planning, scheduling, facilities, materials and supplies, reproduction of materials, and equipment.
- **Overtime and Backfill** costs associated with attending or teaching G&T-sponsored and/or approved training courses and programs are allowed. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from both their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities. Further, overtime costs associated with employees who participate in training in a teaching role for which they are compensated are not allowed. Fringe benefits on overtime hours are limited to Federal Insurance Contributions Act (FICA), Workers' Compensation and Unemployment Compensation.
- **Travel** costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants** to support training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or awarding agency, whichever is applicable. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15% of the total allocation as specified in section E.6. In no case is dual compensation allowable (see above).

**Certification/Recertification of Instructors** is an allowable cost. States are encouraged to follow the G&T Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses that involve training of trainers. This information is contained in an information bulletin issued in October 2006.

**Reimbursement for tuition for enrollment** in higher education programs that incorporate existing Master's Degree curricula in homeland security that are aligned with Department programs and priorities is an allowable cost, provided that:

- a. No more than \$10,000 per person during the 36-month period of performance may be directed to allowable higher education tuition costs at an accredited college or university.
- b. Individuals are responsible for a 1/3 tuition expense matching requirement
- c. Individuals cannot qualify for tuition reimbursement from overlapping periods of performance across different HSGP program years
- d. Individuals must successfully complete coursework at a passing level of achievement such that they can demonstrate credits earned toward a Master's Degree at an accredited college or university
- e. Individuals participating in allowable higher education activities must commit to two years of additional service to their assigned State or local agency upon completion of education activities. Failure to complete two years of service post-completion will result in the *grantee* repaying all awarded amounts back to the Federal government.

ELIGIBILITY REQUIREMENTS

## C.4 -- Training

FY 2007 UASI funds may be used to enhance the capabilities of State and local government and non-governmental emergency preparedness and response personnel through development of a State homeland security training program. Allowable training-related costs include:

Establishment of, support for, conduct of, and attendance at preparedness training programs within existing training academies/institutions, universities, or junior colleges. Preparedness training programs are defined as those programs related to prevention, protection, response, and or recovery from natural, technical, or manmade catastrophic incidents, supporting one or more Target

Capabilities in alignment with National Priorities as stated in the Goal. Examples of such programs include but are not limited to: CBRNE terrorism; critical infrastructure protection; information and intelligence sharing; cyber security; and citizen preparedness through Citizen Corps Councils.

Overtime and backfill costs associated with attendance at G&T-sponsored and approved training courses. UASI funding may also be used for training citizens in awareness, prevention, protection, response, and recovery skills coordinated through Citizen Corps Councils.

## E.5 -- Exercises

Exercises conducted with G&T support (grant funds or direct support) must be managed and executed in accordance with the Homeland Security Exercise and Evaluation Program (HSEEP). HSEEP Volumes I-III contains guidance for exercise design, development, conduct, evaluation and improvement planning. HSEEP Volume IV provides sample exercise materials. All four volumes can be found on the HSEEP website at <http://hseep.dhs.gov>.

### ***NIMS Compliance***

Exercises conducted using HSGP funding must be NIMS compliant, as defined by the 2007 NIMS compliance matrices. More information is available online at the NIMS Integration Center, <http://www.fema.gov/emergency/nims/index.shtm>.

### ***Training and Exercise Plan Workshop***

States and Urban Areas are required to conduct an annual Training and Exercise Plan Workshop (T&EPW). A Multi-year Training and Exercise Plan must be produced from the T&EPW and submitted to the State's respective Exercise Manager and Preparedness Officer. This plan must be updated annually.

The Training and Exercise Plan will include the State's training and exercise priorities (based on the homeland security strategy and previous year improvement plans),

associated capabilities, and a multi-year training and exercise schedule (to be updated annually and resubmitted to G&T within 60 days of the Workshop). The schedule should reflect all exercises that are being conducted throughout the State, including Urban Areas, and not just those that are sponsored by G&T. All scheduled exercises must be entered through the National Exercise Schedule (NEXS) Application, which is located on the HSEEP website. A template of the Multi-year Training and Exercise Plan can be found in HSEEP Volume IV.

The Multi-year Training and Exercise Plan should employ a cycle of activity that includes training and exercises of increasing levels of complexity. The training cycle will follow a building block approach that identifies, for each State priority, the related capability(ies), and the focus of the training necessary to address the associated capabilities. States must complete a cycle of exercise activity (one discussion-based and one operations-based exercise) during the period of this grant. States and Urban Areas are encouraged to use exercises as an opportunity to meet the requirements of multiple exercise programs. To this end, grantees are encouraged to invite representatives/planners involved with other Federally-mandated (e.g., HHS, Chemical Stockpile Emergency Preparedness Program, Radiological Emergency Preparedness, Federal Aviation Administration) or private (e.g., Joint Commission on Accreditation of Healthcare Organizations) exercise activities. States and Urban Areas are encouraged to share, at a minimum, the multi-year training and exercise schedule with those departments, agencies, and organizations included in the plan.

Further guidance concerning Training and Exercise Plan Workshops can be found in the HSEEP Volumes.

### ***Exercise Scenarios***

The scenarios used in HSGP-funded exercises must be based on the State's/Urban Area's Homeland Security Strategy and plans. Acceptable scenarios for SHSP, UASI, MMRS, and CCP exercises include: chemical, biological, radiological, nuclear, explosive, cyber, agricultural and natural or technological disasters. LETPP exercise scenarios must be terrorism-based. If conducting a natural or technological disaster exercise, the scenario must be catastrophic in scope and size, as defined by the National Response Plan.

The scenarios used in HSGP-funded exercises must focus on validating existing capabilities and must be large enough in scope and size to exercise multiple tasks and warrant involvement from multiple jurisdictions and disciplines and non-governmental organizations. Exercise scenarios should also be based on the Multi-year Training and Exercise Plan.

### ***Models, Simulations and Games (MS&G)***

Grantees who wish to expend funds on models, simulations, or games (MS&G) must consult with "Review of Models, Simulations, and Games for Domestic Preparedness Training and Exercising, Volume III," which provides an overview and analysis of existing models, simulations, and games. Grantees can also consult with the MS&G

Decision Support System, which automates the aforementioned report into a searchable database. Both the report and system are available through the HSEEP website.

### ***Special Event Planning***

If a State or Urban Area will be hosting an upcoming special event (e.g., Super Bowl, G-8 Summit); they anticipate participating in the United States Coast Guard Spill of National Significance (SONS) exercise; or they anticipate that they will apply to be a venue for a future Top Officials (TOPOFF) exercise, they should plan to use SHSP or UASI funding to finance training and exercise activities in preparation for that event. States and Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control. States should also anticipate participating in at least one Regional Exercise annually. States must include all confirmed or planned special events in the Multi-year Training and Exercise Plan.

### ***Exercise Evaluation***

All exercises will be performance-based and evaluated. An After-Action Report/Improvement Plan (AAR/IP) will be prepared and submitted to G&T following every exercise, regardless of type or scope. AAR/IPs must conform to the HSEEP format, should capture objective data pertaining to exercise conduct, and must be developed based on information gathered through Exercise Evaluation Guides (EEGs) found in HSEEP Volume IV. The EEGs and AAR/IPs are currently being updated to reflect the TCL. In the interim of these revisions, the current HSEEP EEGs and AAR/IP template should be utilized. All applicants are encouraged to use the Lessons Learned Information Sharing System (LLIS.gov) as a source for lessons learned and to exchange best practices.

AAR/IPs must be provided to G&T within 60 days following completion of each exercise (see HSEEP Volume IV for sample AAR/IP template). Currently, these AAR/IPs can be submitted through the G&T Secure Portal under each State's respective library folder.

In order to leverage assessments to ensure the gathering of objective exercise-based data, States are encouraged to form Cadres of Evaluators. These Cadres should be comprised of peers in the areas being evaluated, and should be available to evaluate exercises occurring throughout the State.

### ***Self-Sustaining Exercise Programs***

States are expected to develop a self-sustaining exercise program. A self-sustaining exercise program is one that is successfully able to implement, maintain, and oversee the Multi-year Training and Exercise Plan, including the development and delivery of HSGP-funded exercises. The program must utilize a multi-disciplinary approach to the development and delivery of exercises, and build upon existing plans, training, and equipment. Components of a self-sustaining exercise program may include, but are not limited to: hiring dedicated exercise program staff; conducting awareness seminars on HSEEP; attending exercise training courses; or maintaining a system to track the completion and submission of AAR/IPs from exercises (including costs associated with meeting with local units of government to define procedures).

### ***Role of Non-Governmental Entities in Exercises***

Non-governmental participation in all levels of exercises is strongly encouraged. Leaders from non-governmental entities should be included in the planning, conduct, and evaluation of an exercise. State and local jurisdictions are encouraged to develop exercises that test the integration and use of non-governmental resources provided by non-governmental entities, defined as the private sector and private non-profit, faith-based, community, volunteer and other non-governmental organizations. Non-governmental participation in exercises should be coordinated with the local Citizen Corps Council(s).

### ***Allowable Exercise Costs***

Allowable exercise-related costs include:

- **Funds Used to Design, Develop, Conduct and Evaluate an Exercise –** Includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation.  
**Self-Sustaining Exercise and Evaluation Program:** Includes costs related to developing and maintaining a self-sustaining State Homeland Security Exercise and Evaluation Program modeled on the national HSEEP, including HSEEP awareness seminars, exercise training courses, and AAR/IP tracking.  
**Hiring of Full or Part-Time Staff or Contractors/Consultants –** Full or part-time staff may be hired to support exercise-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or the awarding agency, whichever is applicable. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15% of the total allocation as specified in section E.6. The services of contractors/consultants may also be procured to support the design, development, conduct, and evaluation of exercises. The applicant's formal written procurement policy or the Federal Acquisition Regulations (FAR) – whichever is more stringent – must be followed. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities.  
**Overtime and Backfill –** Overtime and backfill costs associated with the design, development, and conduct of exercises are allowable expenses. Payment of overtime expenses will be for work performed by award (SAA) or sub-award employees in excess of the established work week (usually 40 hours) related to the planning and conduct of the exercise project(s). These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or the awarding agency, whichever is applicable. In no case is dual compensation

allowable (see above). Fringe benefits on overtime hours are limited to FICA, Workers' Compensation and Unemployment Compensation.

**Travel** – Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of the exercise project(s).

**Supplies** – Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise project(s) (e.g., copying paper, gloves, tape, non-sterile masks, and disposable protective equipment).

- **Other Items** – These costs include the rental of space/locations for exercise planning and conduct, rental of equipment (e.g., portable toilets, tents), food, refreshments, gasoline, exercise signs, badges, etc.

### ***Unauthorized Exercise Costs***

Unauthorized exercise-related costs include:

Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances). The only vehicle cost that is reimbursable is fuel/gasoline and mileage

Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs)

## C.5 -- Exercises

All Urban Areas are required to develop a Multi-year Training and Exercise Plan and submit it to G&T on an annual basis. While Urban Area specific, this plan must tie into the Multi-year Training and Exercise Plan developed by the State, and be in line with the Urban Area Homeland Security Strategy. Further, Urban Areas are encouraged to develop a Multi-year Plan and Schedule that takes into consideration anticipated training needs of the Urban Area for at least the immediate year, with exercises being timed to provide responders the opportunity to utilize training received. This combined schedule should also ensure that training and exercises complement each other. An example of a combined Multi-year Training and Exercise Plan can be found at the HSEEP Website or G&T Secure Portal. Further guidance concerning Training and Exercise Plan Workshops can be found in the HSEEP Volumes. Urban Areas should also consider inclusion of law enforcement personnel in exercise and planning activities focused on mass prophylaxis capabilities.

Urban Areas are eligible to apply for exercise direct support, but must do so in coordination with the SAA. Direct support exercises provided to Urban Areas will count against the amount of direct support allotted to the State for FY 2007.

## E. Allowable Costs Guidance

The following pages outline global allowable costs guidance applicable to all programs included in the HSGP. A crosswalk of allowable costs across grant programs can be found in Appendix A.

### E.1 -- Planning

Planning activities are central to SHSP, UASI, LETPP, MMRS, and CCP. States and Urban Areas may use FY 2007 HSGP funds for planning efforts that enable States and Urban Areas to prioritize needs, build capabilities, update preparedness strategies, allocate resources, and deliver preparedness programs across disciplines (e.g., law enforcement, fire, EMS, public health, behavioral health, public works, agriculture, and information technology) and levels of government. Working through Citizen Corps Councils, all jurisdictions are encouraged to include non-governmental entities and the general public in planning and associated training and exercises.<sup>8</sup> Examples of allowable planning costs are addressed in each program's individual section.

In support of efforts by State and local governments to improve their preparedness programs, program evaluations are now allowable planning costs. In addition to financial audits and program monitoring, program evaluations help managers track progress and demonstrate performance by quantitatively measuring program results. The evaluation process can provide objective evidence of program performance and its effectiveness, demonstrating positive outcomes to funding sources and the community. Programs may use evaluation findings to justify continued funding and to attract new funding sources. A well-executed evaluation may point out areas in which the program can improve its operations.

Additional information on the program evaluation process and its value is available through the Center for Program Evaluation within the Bureau of Justice of Assistance at the U.S. Department of Justice. Reference materials can be accessed at <http://www.ojp.usdoj.gov/BJA/evaluation/index.html>.

FY 2007 HSGP requires a comprehensive program evaluation of State and local activities to be submitted to respective Governors between September 1 and October 1, 2007. States will work in consultation with their assigned G&T Preparedness Officer to develop program evaluation reporting requirements that align with existing State performance management guidelines and the State's planned use of FY 2007 HSGP funds.

<sup>8</sup> Non-governmental entities include the private sector and private non-profit, faith-based, community, volunteer and other non-governmental organizations.

## **C. Authorized Program Expenditures**

This section provides guidance on the types of expenditures that are allowable under UASI. Please refer to the checklist in Appendix A for a summary of authorized UASI expenditures.

### **C.1 -- Planning**

Urban Areas may use FY 2007 UASI funds for multi-discipline planning efforts to prioritize needs, update preparedness strategies, allocate resources, and deliver preparedness programs. These efforts include the collection and analysis of intelligence and information and the development of policies, plans, procedures, mutual aid agreements, strategies, and other publications that comply with relevant laws, regulations, and guidance necessary to perform assigned missions and tasks. It is explicitly permissible to use planning funds to hire government and/or contractor personnel to conduct planning activities described here.

Similar to SHSP, FY 2007 UASI funds may be used for a broad range of homeland security planning activities. Additional details and examples are available at [http://www.ojp.usdoj.gov/odp/grants\\_hsgp.htm](http://www.ojp.usdoj.gov/odp/grants_hsgp.htm).

<sup>8</sup> Non-governmental entities include the private sector and private non-profit, faith-based, community, volunteer and other non-governmental organizations.

1. Overtime costs are allowable for personnel to participate in information, investigative, and intelligence sharing activities specifically related to homeland security. This includes activities such as anti-terrorism task forces, JTTFs, Area Maritime Security Committees (as required by the Maritime Transportation Security Act of 2002), DHS Border Enforcement Security Task Forces, and Integrated Border Enforcement Teams.
2. UASI and LETPP funds may be used to hire new staff and/or contractor positions to serve as intelligence analysts to enable information/intelligence sharing capabilities. In order to be hired as an intelligence analyst, staff and/or contractor personnel must meet at least one of the following criteria:
  - Successfully complete training to ensure baseline proficiency in *intelligence analysis and production* within six months of being hired; and/or,
  - Previously served as an intelligence analyst for a minimum of two years either in a Federal intelligence agency, the military, or State and/or local law enforcement intelligence unit.

Costs associated with hiring new intelligence analysts are allowable only for **two years**, after which States and Urban Areas shall be responsible for supporting the sustainment costs for those intelligence analysts.

The International Association of Law Enforcement Intelligence Analysts' (IALEIA) Educational Standard # 7 (page 14 of the *IALEIA Analytic Standards booklet*) provides standards on the categories of training needed for intelligence analysts.

A list of approved courses will be shared as soon as possible. ***A certificate of completion of such training must be on file with the SAA and must be made available to Preparedness Officers upon request.***

### E.2 -- Organization (UASI and LETPP only)

States and Urban Areas may use FY 2007 UASI and LETPP funds to support select organization activities. States<sup>8</sup> and Urban Areas must justify proposed expenditures of

---

<sup>8</sup> Non-governmental entities include the private sector and private non-profit, faith-based, community, volunteer and other non-governmental organizations.

UASI or LETPP funds to support organization activities within their Investment Justification submission by using historical data or other analysis.<sup>9</sup> No more than 25 percent of the gross amount of the allocation for these programs may be used for operational expenses and overtime costs for the three (3) operational activities noted below.

1. Operational overtime costs associated with increased security measures at critical infrastructure sites during DHS-declared periods of heightened alert.

In support of efforts to enhance capabilities for detecting, deterring, disrupting, and preventing acts of terrorism, costs eligible for reimbursement under this policy are those deemed allowable under previous Code Orange alerts. Subject to the conditions stated above, States and local governments may use FY 2007 UASI and LETPP funds for organizational costs to support select operational expenses associated with increased security measures at critical infrastructure sites in the following authorized categories:

- Backfill and overtime expenses for staffing State or local emergency operations centers (EOCs) and/or fusion centers
- Hiring of contracted security for critical infrastructure sites
- Public safety overtime
- National Guard deployments to protect critical infrastructure sites, including all resources that are part of the standard National Guard deployment package
- Increased border security activities in coordination with U.S. Customs and Border Protection (CBP), as outlined in G&T Information Bulletin #135

Consumable costs, such as fuel expenses, are **not allowed** except as part of the standard National Guard deployment package.

**UASI:** Up to 10% of FY 2007 UASI funds may be used for operational overtime costs incurred in UASI jurisdictions during Code Yellow and higher alert levels. The remaining 15% may be used to support costs incurred during Code Orange and higher alert levels. Operational overtime costs incurred at National Special Security Events (NSSEs) in UASI jurisdictions, as designated by the Secretary of Homeland Security, are also allowed.

States with UASI jurisdictions can use funds retained at the State level to reimburse eligible operational overtime expenses incurred by the State (per the above guidance limitations and up to a maximum of 25 percent of the State share of the UASI grant). However, those activities must directly support increased security measures enacted in the UASI jurisdictions.

<sup>9</sup> The effectiveness of a request for the use of funds for allowable organizational costs will be judged on the Investment Justification to illustrate the need for such resources to effectively achieve a capability that will have a meaningful impact in the reduction of risk.

### ***Full-time Counterterrorism Staffing Pilot for FY 2007 UASI***

- As a pilot in FY 2007, Tier 1 UASI jurisdictions, identified in Chapter II, may use FY 2007 UASI funds to support non-overtime (or regular time) operational costs for existing positions that are currently assigned to full-time counterterrorism duties, including intergovernmental assignments. (Counterterrorism duties include such activities as intelligence gathering, information sharing, and surveillance.) Costs associated with newly hired personnel or regular time for personnel at all engaged in traditional public safety or non-counterterrorism duties in these jurisdictions are ineligible. Any Tier 1 jurisdiction electing to pursue this option must take the following actions:
  - Include a specific implementation plan for these counterterrorism activities as an Investment within the Urban Area's FY 2007 Investment Justification. This submission must clearly demonstrate how the proposed support for operational personnel would enhance prevention activities, what milestones would be achieved during the period of performance, what tangible outcomes would be achieved through these actions, and how assignment rotations among counterterrorism positions, if applicable, will be employed to improve understanding and collaboration among counterterrorism missions.
  - Submit documentation with the application from the jurisdiction's chief elected official that certifies in writing that funds being used under this provision are only maintaining existing personnel who are performing purely counterterrorism duties.
  - Develop and submit for review within 60 days of the grant award a detailed audit process to ensure that during that implementation no new personnel are being supported through the pilot; that supported personnel are involved only in counterterrorism activities; and that the objectives outlined in the Investment Justification are being fulfilled. Findings from these audit activities must be submitted to DHS for review on a semiannual basis.

DHS reserves the right to issue final approval for a jurisdiction's proposal. Grantees are encouraged to consider how this pilot effort can support implementation of specialized capabilities within transit systems. Furthermore, the above provisions represent a pilot effort for FY 2007 only. Results from this pilot process will determine whether similar provisions will be included in future fiscal years.

**LETPP:** Up to 25 percent of FY 2007 LETPP funds may be used for operational overtime costs incurred during Code Orange and above alerts. Costs associated with **border protection activities only** are also eligible at Code Yellow, provided that those activities are conducted in accordance with previous guidance issued in Information Bulletin #135. These activities must be coordinated with CBP.

1. Overtime costs are allowable for personnel to participate in information, investigative, and intelligence sharing activities specifically related to homeland security. This includes activities such as anti-terrorism task forces, JTTFs, Area Maritime Security Committees (as required by the Maritime Transportation Security Act of 2002), DHS Border Enforcement Security Task Forces, and Integrated Border Enforcement Teams.
2. UASI and LETPP funds may be used to hire new staff and/or contractor positions to serve as intelligence analysts to enable information/intelligence sharing capabilities.
